Supervisor Says Close Tally Calls For Vote

Southside district supervisor John C. Cole, at the November meeting of supervisors made a motion to request Circuit Court Judge G. F. Abbitt for another $2 million bond referendum.

His statement to the board follows:

"What did the vote on the Bond Issue say to the 9488 citizens of Appomattox County?

"The tally indicated that 17-55 cast their ballot against and 1749 cast their ballot for the proposed 2, million Bond Issue. This resulted in a total of 3504 citizens voting out of a total of 5708 registered voters in Appomattox County. The difference between the number that voted and the number that are registered showed that 2204 of our citizens did not express themselves.

"What does this mean to the Board of Supervisors and the School Board? It means that if some action is not taken to move the High School construction program off Dead Center we will say to the 9488 citizens that 7 voters made the decisions for us.

"What action can be taken?

1. The School Board can pass a resolution asking the Board of Supervisors to request the Circuit Judge for another vote on the Bond Issue. Why do this? The closeness of the vote would justify a run off. We must have an expression of the voters in sufficient number of a majority for or against that would indicate to the Board of Supervisors that the citizens of our County do or do not want to construct a High School regardless of how it will be funded. If defeated by a sufficient majority the Board of Supervisors could say to the School Board that we have sufficient expression of the people to not grant a request for funding through borrowing in any manner.

"Due to the closeness of the vote and in that the need for a larger High School still is urgent, also this being the most economical way to fund the program, I deem it proper for me to move that the Board of Supervisors request the Circuit Judge to set a date for a vote on the Bond Issue to see if it is possible to come out with a more definite expression of our citizens."
